

LIVERPOOL

Care Pathway

Promoting best practice for care of the dying

NATIONAL LCP OFFICE ■ NEW ZEALAND

Liverpool Care Pathway for the Dying Patient (LCP)

TRAINING WORKSHOPS 2010

LCP FOUNDATION DAY

The LCP Foundation Day is for beginning LCP Facilitators, and health care professionals in clinical, management and funding streams of hospices, hospitals, District Health Boards and residential care organizations who are interested in the LCP as a tool for driving up quality care for dying patients and their families/whānau in the last days and hours of life. In this one day introductory programme, delegates are walked through the LCP document and are given an overview of the LCP '10 Step Continuous Quality Improvement Programme' which includes resourcing a pilot project, audit and benchmarking, and the implementation process while putting the LCP into the context of the national health care agenda in NZ.
